

Malcolm, named after the one of the famous team of California surfboard shapers, the Campbell Brothers, is a wall mounted sconce offered under the umbrella of the **Pisces Collection**. These unique fixtures bring the energy and flow of the oceans into any project type.

Andrea Claire, an avid surfer, was inspired by the shapes of waving kelp forests just below the surface of the ocean. The studio developed an intricate system of shapes to hand cast these unique fixtures in 1/8" fiberglass and resin. All metal components are specifically designed for this collection and milled from solid brass.

The Malcolm has a 1" diameter brass stem, one fiberglass leaf, one dimmable LED bulb, one hand made glass diffuser, and a 4" x 6" wave inspired, backplate.

Brass comes in four finish options: Brushed Brass, Unlacquered Brass (note that unlacquered brass will change, naturally, over time), Antique Silver, and Tamarind Patina.

Fiberglass is offered in Satin Green.

Materials

Brass
Fiberglass
Glass

Dimensions

5"L x 6"W x 23"H
13 L x 15 W cm x 59 H)

Weight

2.5 lbs (1.1 kg)

Metal Finish Options

- Satin brass
