Hanji Cassiopeia 6: 4A2B is a mobile chandelier with six glowing hand-made Hanji paper shades.

In this series, our signature shaped shades are crafted with hand-made Korean paper and laser cut, hand fabricated inner frames. Hanji is an extremely durable, high-quality material made from the inner bark of mulberry trees. We love how the surface has a subtle natural texture and how it affords an off-white brightness both on and off.

Hanji chandeliers can be made in any of our customizable configurations and can be increased or reduced in size both vertically and horizontally. Stems lengths are also customizable.

We work closely with designers to explore what will work perfectly for their projects by utilizing 3D models, full scale mock-ups, studio visits, and finish samples. We will develop the design until it is exactly what the space needs. Minnie Grey and other watercolors, gold leaf, and nickel metal finishes are available. Costs vary.

Materials

Hanji paper
Brass

Dimensions

20"H x 57"W x 30"D
(51 H x 145 W x 76 D cm)

Weight

12 lbs (6.8 kg)
