**Bamboo Cassiopeia 5: 2ABCD** is a horizontal mobile chandelier with five glowing bamboo shades. The Cassiopeia Series has many variations and is fully customizable.

The hanging system of The Cassiopeia Series uses square brass tubes to conceal the wires and specially designed joints to create its eccentric shape. Its slight, almost imperceptible movement keeps the piece pleasantly animated. Cassiopeia 5 can be extended horizontally to fit specific spaces and other size shades can be used.

We work closely with designers to explore what will work perfectly for your project. Utilizing 3D models, full scale mock-ups, and finish samples, we develop the design until it is exactly what your space needs. Staining, gold leaf, and nickel finishes are available for an up-charge.
